Don R. Schwenke,  
Safe T Climb  
2210 Soledad Cyn Road  
Unit #L  
Acton, CA 93510

Dear Don:

On behalf of the Bay Area Counties Roofing & Waterproofing Joint Apprenticeship Training Committees, we would like to thank Safe T Climb for the Ladder Anti-Fall Device presentations to our roofing and waterproofing apprentices.

We will implement it at every Ladder Safety Class and Hands-on demonstration for our apprentices at our Training Center on how to use and set-up the Safe T Climb Ladder Anti-Fall Device to ensure proper ladder angle and to prevent ladder slippage. Thanks for the Safe T Climb donation and for pioneering in ladder safety to help develop a safer workforce in our trade.

Sincerely,

Jose Oscar Padilla  
Director of Apprenticeship Training
